

DEMOCRATIC VALUES, VIRTUES, AND SPIRITUAL PRACTICES

America's democracy is founded on powerful ideas: We are all created equal. We have the right to life, freedom, and the opportunity to pursue our own happiness. At the same time, we are people in *united* states, trying to form a more perfect union and promote the welfare of all. American democracy can flourish only when citizens are united, at a deep level that transcends ideology, race, and class, with a shared spiritual and moral vision of what America should be.

Democracy is more than a form of government. It is a way of life that can be strengthened through spiritual practices — both those traditionally considered to be "inner work" and those that encourage active engagement with our neighbors and communities.
